December 2023 – March 2024
Navi Mumbai, Maharashtra

- Completed a 12-week, full-stack training program in .NET, achieving top performance scores and proficiency in Full-Stack development, which led to a 90% success rate in all assessments.
- Engineered an Online Job Application Portal (CareersHub) with a team of 4, leading phased development across 3 milestones, which resulted in a 90% reduction in application processing time.
- Secured a Software Engineer position at LTIMindtree, following 20+ hours of mock interviews and hands-on project experience, demonstrating advanced competency in Full-Stack development.

AI Intern, Chaotix.AI

November 2023 – December 2023
Remote

- Led AI initiatives, applying machine learning techniques and system design principles across 5+ projects, resulting in a 20% improvement in model accuracy and system efficiency.
- Built 5+ web apps, enhancing both front-end and back-end functionality, leading to a 30% increase in user engagement.
- Developed 10+ interactive web games, which increased user engagement by 70% through innovative design and functionality.

Education

Bachelor of Technology,

Jaypee University of Information Technology
8.1 CGPA

June 2019 – June 2023
Solan, Himachal Pradesh

Higher Secondary Education,

Sacred Heart Convent School
7.7 CGPA

May 2018 – May 2019
Sriganganagar, Rajasthan

Skills

Languages

JavaScript, TypeScript, C#,
SQL, MySQL, C++, C,

Front-End Development

HTML, CSS, React, Tailwind
CSS, Bootstrap, Angular

Framework and Libraries

Redux Toolkit, .NET, ASP.NET,
Entity Framework, ADO.NET

Backend and APIs

Web APIs, Rest APIs

Soft Skills

Team Collaboration, Problem-
Solving, Communication

Projects

My Portfolio Website, React, Tailwind CSS, React Icons,
Lucide React, Framer Motion ☑

October 2024 – November 2024

- Built a responsive React site with Tailwind CSS, integrating 10+ icons via React Icons and Lucide React, and added interactive animations with Framer Motion.
- Utilized `useState` to manage 5+ interactive components, `useContext` to toggle between 2 themes, `useEffect` for 10+ intersection animations, and `useRef` with `forwardRef` to implement modal, enhancing user experience.

Project Management App, React, Tailwind CSS ☑

October 2024

- Established in React and Tailwind CSS, managing 5+ tasks with `useState`, and leveraging `useRef` and `useEffect` for precise input focus control.
- Applied 3+ layered validation techniques within a custom modal and `handleSave` function to ensure accurate, complete task entries for seamless project management.

Cart Management System, React, TailwindCSS ☑

October 2024

- Constructed a cart management system in React and Tailwind CSS, featuring the listing of 5+ products, with functionality for adding, deleting, removing, and adjusting quantities, including real-time total cost updates.
- Utilized `useState` for managing 5+ cart items, `useContext` to streamline state flow, and implemented a modal for cart overlay functionality.
- Leveraged `useRef` and `useImperativeHandle` with `forwardRef` to control and toggle modal behavior across the application.

Microsoft Website Clone, Tailwind CSS ☑

September 2024

- Cloned the Microsoft website using HTML, CSS, and Tailwind CSS, replicating 10+ interactive elements and 5+ page sections, with a fully responsive layout optimized for 3 device sizes.

Careers Hub, .Net Framework, Angular, C#, Typescript ☑

February 2024 – March 2024

- Implemented full-stack project in .NET, Angular, and SQL Server, managing 500+ jobs, 1000+ applications, and 2000+ payments, with admin functions and premium services.
- Enhanced student experience with easy job exploration and management of 500+ premium memberships, supporting career growth.

Certificates

Super Crew Award

LTIMindtree(September 2024)

.Net Training Program (Orchard)

LTIMindtree(December 2023 - March 2024)

Python Course

Kaggle (July 2023)

Ignite Training

LTIMindtree (February 2023- May 2023)
